RE: REQUIRED ANNUAL AHERA NOTIFICATIONS  
DATE: Fall 2015

In the fall of 2015, in compliance with the US Environmental Protection Agency(EPA) Asbestos Hazards Emergency Response Act (AHERA) , we had inspections conducted in each Of our school buildings for the purpose of identifying asbestos-containing building materials (ACBM's). No ACBMS were identified. . The inspection findings were included in an asbestos Management Plan which has been on file in the school administrative office since that time.

The EPA requires us to annually notify you that we are aware of the AHERA regulation, and that We are in compliance. The Management Plan is available for your review at anytime during normal school hours. ( Monday – Friday 8:30- 3:00). The asbestos Program Manager, Dr Rizor is available to answer any questions you may have about asbestos in our building (828-262-5411)
